WorldSciNet

ebooks • ejournals • databases

www.worldscinet.com

ePackage solutions for libraries

WorldSciNet

WorldSciNet is the library solution for developing e-preferred collections to balance acquisition needs with budget and space constraints year-on-year.

We deliver online collections at attractive institutional premiums, while providing a fully integrated platform for end-users to easily access all our electronic content.

Titles include those published under Imperial College Press, an imprint which has since been consolidated under World Scientific.

About World Scientific

World Scientific is a leading international academic publisher. We are headquartered in Singapore, with offices in London, Tokyo, New Jersey, Hong Kong, Munich, Chennai, Beijing, Shanghai, and Taipei.

30-day FREE trial!

Free access to an ebook and/or journal package at www.worldscinet.com/page/ws-freetrial

Supporting the research community with authoritative content

Archived in PORTICO

Perpetual access model

COUNTER-compliant Usage Statistics

Choice of collections by subject or full collection

PDF plus for easy linking to referenced articles

Authentication via IP. Supports Athens, Shibboleth SSO

MARC records for easy integration to your OPAC (for e-books only)

Discovery Services such as OCLC, Primo Central, EBSCO Discovery Services, Summon, ExLibris, Google Scholar etc

Fully integrated platform to search across all WS electronic content

No set-up or service fees

EBOOK PACKAGES

World Scientific produces over 300 new ebooks a year. Strengthen your collections with quality academic and professional titles and major reference works written by the world's leading experts, including Nobel laureates.

Notable Nobel prize-winning authors include:

(Top to bottom)

Takaaki Kajita
2015 Nobel Prize in Physics

Ahmed H Zewail
1999 Nobel Prize in Chemistry

(Top to bottom)

Philip Warren Anderson
1977 Nobel Prize in Physics

Martinus J. G. Veltman
1999 Nobel Prize in Physics

Subject and Annual Collections

Acquire titles based on subject and publication year to support your relevant departments. For 2017 subject packages, this includes all forthcoming titles.

- Mathematics
- Physics/Nonlinear Science
- Chemistry/Materials Science/Nanotechnology
- Computer Science
- Engineering
- Environmental Science
- Medicine and Healthcare
- Life Sciences
- Business and Economics
- General and Popular Science
- Social Science and Asian Studies

Pick and Choose

Select titles from any subject and year to complete your collection.

Full Collections

Purchase complete collections at a generous offer, including

- all titles in 2017 (including forthcoming titles)
- a deep backlist to choose from.

No Minimum Purchase Required

Perpetual access model

Complete collections by the year, including a deep backlist are available

Pre-order the front-list collection with automatic activation of new titles as they become available

Perpetual Access Pay once for ongoing access

Subject Collections: Choose from 11 diverse subjects

Pick and Choose-Build a customized collection from over 9,000 online titles –No Minimum Purchase Required- Selection across all subject areas

The image shows a screenshot of the Taylor & Francis Group website. At the top left is the Taylor & Francis Group logo with the text "an informa business". At the top right is a "Login" button with a user icon. The main banner features a dark background with a view of Earth from space and glowing orange network lines. The central text reads "A world of knowledge and information" followed by "Browse our vast collection of over 90,000 eBooks in specialist subjects led by a global network of editors and authors." Below this is a search bar with the placeholder text "Search for keywords, authors, titles, ISBN" and a magnifying glass icon. At the bottom, there is a "BROWSE BY SUBJECTS" section with a grid of subject categories.

Buying collections

Why not create your own collection?

- Pick and Choose your list of books and create a bespoke collection.
- Or choose one of our netBases featured on www.taylorfrancis.com for STEM subjects
- Interested in Routledge Handbooks Online? They are included on our platform too and include CRC handbooks.

Usage Stats Available

Free MARC records

The screenshot shows the Taylor & Francis Group user interface. On the left is a teal sidebar with navigation options: Dashboard, Access Entitlements, Licenses, MARC Records (highlighted), Usage Reports, Institutional Settings, Notifications, and Data Requests. The main content area is titled 'MARC Records' and includes a 'View all requests (0)' link. There are three main sections: 1. 'Request all MARC Records' with a blue 'REQUEST' button. 2. 'Request MARC Record Updates' with a circular refresh icon. 3. 'Get Specific MARC records' which includes instructions to upload a list of eBook ISBNs, a 'CLICK TO UPLOAD' button, and a file upload table. The table has columns for 'File Name' and 'Size', with the current state showing 'No file uploaded!' and '0.00MB'. At the bottom of the main content area are 'CANCEL' and 'GET MARC RECORDS' buttons. The Taylor & Francis Group logo and 'an informa business' text are visible in the top and bottom left corners. The top right corner shows a user profile for 'Hi, Keith Mears'.

- Request ALL MARC records
- Request MARC record updates
- Obtain specific MARC record(s)
