Продукт дня: Журнал "Modern Physics Letters A" издательства World Scientific

Modern Physics Letters A (MPLA) предлагает место для распространения новых исследований в быстро развивающихся областях общей инженерии и технологий, а также физики высоких энергий и ядерной физики. Основные темы исследований, публикуемые в этом журнале, включают математическую физику, физику элементарных частиц, квантовую механику, теоретическую физику и классическую механику. MPLA - это первый из серии журналов, издаваемых World Scientific под названием Modern

Physics Letters. Он охватывает, в частности, статьи и исследования по гравитации, космологии, ядерной физике, частицам и полям. Modern Physics Letters A представляет оригинальные академические работы, которые проходят рецензирование экспертами в данной предметной области. Журнал приветствует материалы от исследовательского сообщества, где приоритет отдается оригинальности и практической значимости опубликованной работы.

America as No.3

Get Real About China, India and the
Rest

Pages: 250 By (author):

[Hugh Peyman](#)

A Clash of Civilisations is not inevitable, yet danger mounts the longer the West ignores its top forecaster. In 2023, the OECD sees China's economy as 27% bigger than the US: by mid-century 70%. India too will be larger, leaving America as No.3. Time to Get Real: listen to economists, especially development economists, and those in business who know China.

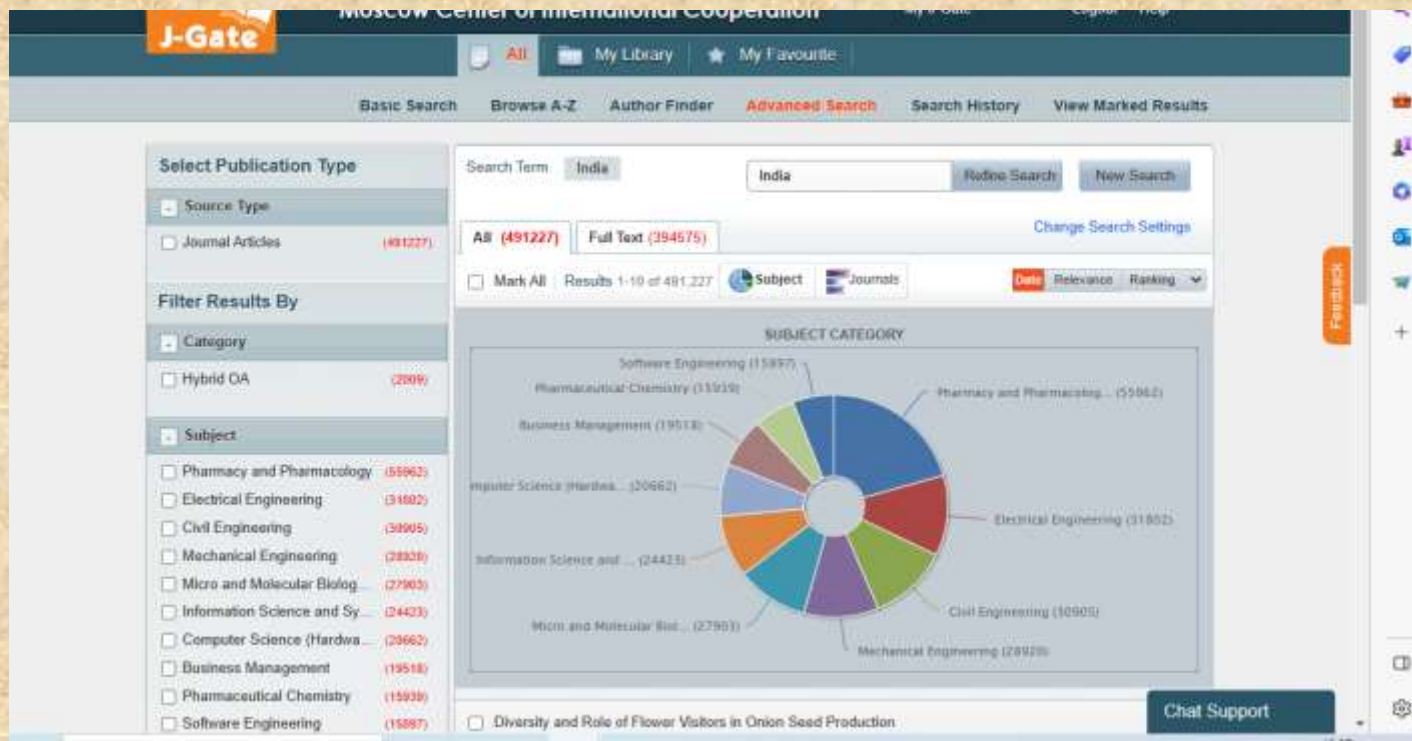

Периодика и электронные ресурсы Индии: основные модели комплектования
